

The Original Wood Wrapper

Made In USA

Pays For Itself In One Days Work!

The Hud-son Firewood Bundler comes standard with wheels to make it easier for moving around the work site & for storage. It bundles firewood from lengths of 14" to 24". Firewood is wrapped using a standard size wrap. Hud-son's bundler is simple to use. Firewood is loaded into the tray. Once you have your desired amount, it is ready to be wrapped. Wrapping begins by placing the wrap over the bundle then turning the hand crank to start wrapping. Once completed cut the wrap and remove the firewood bundle now ready to be sold.

**Easily Rolls Where
You Want It!**
